

## Case Study

# Portsmouth Guildhall

Portsmouth, Hampshire

Southern Concrete Services

## Portsmouth Guildhall

Southern Concrete Services were appointed by Mansell PLC to carry out concrete repairs to various parts of the facades of the historic Guildhall building, which also has architectural heritage significance.

Southern Concrete Services worked closely with and around others trades in order to complete the project on time and to budget.

Southern Concrete Services were also involved with the replacement of wall ties and brickwork stitching in different areas of the Guildhall.
